

Coronavirus Covid-19: A real vacation ... and Safety in addition ...

Book now worry free. Our peace-of-mind guarantee and our COVID-19 plan help you feel secure !

More Peace of Mind with our Cancellation Policy

In order to help you book now with confidence, the guarantee that we offer you is a refund in the form of a voucher in the event of an unforeseen event. An additional guarantee in addition to the Campeze Couvert insurance..

Book today worry free with the option of cancelling up to beginning of your stay!

The guarantee qualifies you for a voucher in the following cases :

- Border closures
- Public health state of emergency
- Nationwide quarantine or lockdown
- Official warning against travel issued by my country/government

You will be reimbursed for the amount paid less the amount of the Campeze Couvert insurance (if you have chosen this option) and the processing fee upon **presentation of official proof**. This voucher is non-refundable, non-transferable to another person and is valid for one year. It doesn't cost you anything.

We redouble our *Efforts* and *Creativity* to allow you to *Live your Stay* in the *Wellness*, the *Outdoors* and *Nature*, while taking advantage of *Varied Activities* and *Beautiful Evenings*, around *Simple Pleasures*, in complete *Safety*.

For everyone's safety, the specific health protocol that we have put in place follows the general recommendations of the government and of the National Federation of Outdoor Hotels.

To facilitate its implementation, we will give you bottles of hydroalcoholic solution upon your arrival. This product is ideal for hands and all contact surfaces.

At the same time, we regularly carry out cleaning and disinfection of the various common areas several times a day with virucidal products.

These products are also used for cleaning mobile homes before your arrival.

Single-use bedding protections are offered to you upon arrival.

On each departure, the mobile homes are open and aired for several hours, the bedding is disinfected and, when possible, they are left vacant for at least 24 hours.

The main recommendations are:

- Only one person at the reception desk at a time.
- Regular hand washing with soap.
- Maintain a distance of one meter between people.
- Groups of more than 10 people are not allowed.
- Wearing a mask is requested in closed common areas.

At the bar-restaurant:

We try to focus to the maximum "take away" if possible in your own containers. If, however, you prefer to eat on the terrace, you can do so in complete safety as it is installed so as to respect the recommended distance between each table.

At the swimming pool :

Chlorine greatly minimizes the risks (source of ARS). As every year, water is regularly checked by us and by the State services. Considering the small size of our campsite and the large size of our swimming pool, we do not reach the maximum limit for the number of people allowed (so you can always swim safely).

Deckchairs are available, they must be spaced 1 meter apart when in use and covered with a personal towel. As always, swim shorts are not allowed in order to preserve the quality of the water.

Here too, the bottle of hydroalcoholic solution, which was given to you on arrival, can be used on all contact surfaces. The beach is also regularly disinfected.

Everything is implemented for a *True Vacation*, but in complete *Safety*.

Our campsite offers vast natural spaces, dear to our hearts, to simply do you good ...

The entire **Fontisson** *Campsite* team can't wait to *Pamper you...*
